4.3.12. In cases provided in section 4.3.11 the Management Company may suspend the redemption of the Units either partially or fully until such circumstances have passed by informing the Unit-holder following the procedure provided in law and sending the respective notice to the e-mail address provided in the Redemption Application. The Unit-holder shall be informed of the respective suspensions following the procedure provided in law by sending the respective notice to the e-mail address provided in the Redemption Application. For the avoidance of doubt, this provision shall not free the Management Company of the obligation to act in good faith and use best efforts to conduct all the reasonably necessary actions for curing the circumstances that allow for the application of this section 4.3.11.

4.3.13. Any Units received by the Management Company as payment of fees under sections 4.3.3, 6.1 and 6.2 shall be immediately redeemed by the Management Company at the Net Asset Value. Docusign Envelope ID: C2DC55B9-0E4A-4801-8BAD-09BB3A970AE6

4.4.2. If an event or circumstance appears after the determination of the AUM and the NAV, that in accordance with the best professional assessment of the Management Company affects the NAV, then the Management Company is entitled to reevaluate the NAV and the AUM provided that failure to perform such revaluation would harm the interests of the Unit-holders.

4.4.3. The Management Company is entitled to postpone the calculation and publication of the Net Asset Value and the Assets Under Management if the redemption of the Units has been suspended in accordance with Section 4.3.11.

4.4.4. Once the circumstances giving rise to the suspension of the redemption of the Units have ceased, the Management Company shall calculate the Net Asset Value. The postponement of the calculation and publication of the Net Asset Value shall be notified to the Unit-holders.

4.5. Mandatory redemption of the Units

4.5.1. Mandatory redemption is the Management Company's right to request from the Unit-holder and the Unit-holder's respective obligation to redeem his/her Units on the grounds provided in sections 4.5.2.

4.5.2. The Management Company is entitled to execute the mandatory redemption of the Units held by the Unit-holder in order to ensure that the Units are not acquired or held by:

4.5.2.1. any person in conflict with section 4.1.6 of this Partnership Agreement;

4.5.2.2. any person under circumstances that in the opinion of the Management Company could result in tax liability for the Management Company or any other monetary liability that would not have been arisen for the Management Company in any other manner;

4.5.2.3. the Unit-holder does not provide, despite the respective request by the Management Company, the documents or information that are required in order to perform the Management Company's diligence obligations deriving from MLTFPA; or

4.5.2.4. the documents or information provided by the Unit-holder do not remove the Management Company's doubt that the purpose of the business relation or transaction could be money laundering or financing of terrorism.

In the event of a mandatory redemption pursuant to Section 4.5, the Redemption Date shall be the first (1st) Banking Day following the Valuation Date of the month in which the Management Company has notified the Unit-holders of the mandatory redemption, or, where postponed in accordance with this Partnership Agreement, the first Banking Day following the Valuation Date of such other month. The mandatory redemption of the Units shall be effected at the Redemption Price. The Management Fee shall be deducted monthly and shall be satisfied exclusively in Units of the Fund.

The number of Units corresponding to the Management Fee shall be calculated on the basis of the Net Asset Value per Unit as of the relevant Valuation Date, deducted from the Units held by the Unit-holders and immediately issued or transferred to the Management Company.

Such Units shall be immediately redeemed by the Fund, resulting in a corresponding reduction of the Net Asset Value of the Fund.

The Management Company reserves the right to adjust the Management Fee rate unilaterally at its discretion, subject to prior notice to the Unit-holders.

6.1.2. If a new Unit is issued to a Unit-holder after the first Banking Day of a Month, the Management Fee payable for this Unit shall be calculated pro rata on the remaining period in the Month.

The performance fees are calculated based on the High Water Mark method.

For the avoidance of doubt, the performance fee shall be considered waived once per notification and shall not extend to any preceding or following periods, unless specified otherwise.

6.2.4. The calculation period for the Performance Fee is a Month. The calculation of the Performance Fee shall be performed as of the Valuation Date and is
