4.1.11. The person that has submitted the Subscription Agreement is entitled to refuse to acquire the Units at any time before the submission of the instruction to transfer the Issue Price. 4.3. Redemption of Units

4.3.1. The Unit-holder may request redemption of Units either in part or in full. However, in the case of a partial redemption, the Units may not be redeemed in such a manner that the Unit-holder would hold, after such partial redemption, Units with a total value of less than EUR 50,000 (fifty thousand euros) in the Fund. The Management Company nevertheless reserves the right, at its sole discretion and without obligation, to grant exceptions to this rule.

4.3.2. No interest is calculated or paid for any monetary payments made from the Fund assets to the Unit-holders.

4.3.3. In case of redemption of Units, no redemption fee is charged by the Fund provided that the Unit-holder submits the Redemption Application to the Management Company after the Commitment Deadline. 4% of the redeemed amount will be deducted if the Commitment Deadline is not respected and the redemption fee is not unilaterally waived at the discretion of the Fund.

The Commitment Deadline shall run from the Unit issuance date corresponding to the relevant subscription.

Where a Unit-holder has made multiple subscriptions, the Commitment Deadline shall apply separately to each subscription tranche.

In the case of partial redemption, Units shall be deemed redeemed on a first-in, first-out (FIFO) basis unless otherwise determined by the Management Company.

4.3.4. In order to redeem Units, the Unit-holder shall submit the Redemption Application by the Redemption Application Submission Due Date. Redemption Application may be submitted in an electronic format with the electronic signature to the addresses of the Management Company. The Redemption Application shall clarify whether the redemption shall be monetary or non-monetary. Only the predefined options described in the Redemption Application shall be available for the non-monetary redemption, unless allowed by the Management Company in its sole discretion.

4.3.5. If the Redemption Application is submitted later than the Redemption Application Submission Due Date, then the redemption of the Units based on that Redemption Application shall be postponed by one Quarter (into the next redemption cycle).

4.3.6. If the Redemption Application or the redemption of the Units does not comply with the other requirements herein, then the Management Company does not accept the Redemption Application and the Units are not redeemed, of which the Management Company shall notify the person

Docusign Envelope ID: 405507D4-71C9-441B-BCF9-16085A8A7721

4.3.7. In the case of a partial redemption, the Redemption Application must be for a minimum amount of 25,000 EUR. The total value of the Units held by the Unit-holder must remain above 50,000 EUR (fifty thousand euros) after the partial redemption. The Management Company reserves the right not to satisfy any request that does not meet these criteria.

4.3.8. The redemption shall become effective on a Banking Day determined by the Management Company, which shall occur within eight (8) Banking Days following the Redemption Application Submission Due Date.

Payment of the redemption proceeds shall be made on or after the Redemption Date and in any event within eight (8) Banking Days following the Redemption Date, unless the redemption is suspended in accordance with Section 4.3.11.

4.3.9. If the Redemption Application has been submitted to the Management Company, then the Unit-holder cannot cancel or withdraw it without the written consent from the Management Company.

4.3.10. Units shall be deemed redeemed on the Redemption Date. The rights deriving from the Units shall cease as of the Redemption Date. Payment of the Redemption Price shall be made in accordance with Section 4.3.8.

4.3.11. The Management Company is entitled to suspend the redemption of the Units, in whole or in part, if it reasonably determines that, due to extraordinary circumstances (including, without limitation, the blockage of funds by a trading venue or extended redemption periods of underlying investment funds), the Fund may be unable to fulfil its obligations under this Agreement.

4.3.12. In cases provided in section 4.3.11 the Management Company may suspend the redemption of the Units either partially or fully until such circumstances have passed by informing the Unit-holder following the procedure provided in law and sending the respective notice to the e-mail address provided in the Redemption Application. The Unit-holder shall be informed of the respective suspensions following the procedure provided in law by sending the respective notice to the e-mail address provided in the Redemption Application. For the avoidance of doubt, this provision shall not free the Management Company of the obligation to act in good faith and use best efforts to conduct all the reasonably necessary actions for curing the circumstances that allow for the application of this section 4.3.11.

4.3.13. Any Units received by the Management Company as payment of fees under sections 4.3.3, 6.1 and 6.2 shall be immediately redeemed by the Management Company at the Net Asset Value. In such case, the Management Company shall not be limited by the constraints outlined in sections 4.3.1, 4.3.3, 4.3.5 and 4.3.7.

4.3.14. Third-party processing fees (blockchain, service provider) may be charged upon the redeemed amount. These fees shall be deducted from the amount transferred to the Unit-holder.

4.4. Determination of the Net Asset Value

4.4.1. The Management Company shall calculate the Assets Under Management (AUM), on a daily basis and shall communicate such values to the Unit-holders at least once a Quarter on the first Banking Day following the

Docusign Envelope ID: 405507D4-71C9-441B-BCF9-16085A8A7721

Valuation Date. The Management Company shall calculate the AUM of the assets invested into investment funds no less frequently than once a week or more frequently, if possible under the applicable investment terms. The NAV of the day serves as a reference for each Transaction Date. The value of the NAV will be notified to Unit-holders via e-mail during the purchase or sale of Units.

4.4.2. If an event or circumstance appears after the determination of the AUM and the NAV, that in accordance with the best professional assessment of the Management Company affects the NAV, then the Management Company is entitled to reevaluate the NAV and the AUM provided that failure to perform such revaluation would harm the interests of the Unit-holders.

4.4.3. The Management Company is entitled to postpone the calculation and publication of the Net Asset Value and the Assets Under Management if the redemption of the Units has been suspended in accordance with Section 4.3.11.

4.4.4. Once the circumstances giving rise to the suspension of the redemption of the Units have ceased, the Management Company shall calculate the Net Asset Value. The postponement of the calculation and publication of the Net Asset Value shall be notified to the Unit-holders.

4.5. Mandatory redemption of the Units

4.5.1. Mandatory redemption is the Management Company's right to request from the Unit-holder and the Unit-holder's respective obligation to redeem his/her Units on the grounds provided in sections 4.5.2.

4.5.2. The Management Company is entitled to execute the mandatory redemption of the Units held by the Unit-holder in order to ensure that the Units are not acquired or held by:

4.5.2.1. any person in conflict with section 4.1.6 of this Partnership Agreement;

4.5.2.2. any person under circumstances that in the opinion of the Management Company could result in tax liability for the Management Company or any other monetary liability that would not have been arisen for the Management Company in any other manner;

4.5.2.3. the Unit-holder does not provide, despite the respective request by the Management Company, the documents or information that are required in order to perform the Management Company's diligence obligations deriving from MLTFPA; or

4.5.2.4. the documents or information provided by the Unit-holder do not remove the Management Company's doubt that the purpose of the business relation or transaction could be money laundering or financing of terrorism.

4.5.3. The Management Company may effect a mandatory redemption of the Units in the cases set out in Section 4.5.2 by notifying the relevant Unit-holders. In the event of a mandatory redemption pursuant to Section 4.5, the Redemption Date shall be the first (1st) Banking Day following the Valuation Date of the month in which the Management Company has notified the Unit-holders of the mandatory redemption, or, where postponed in accordance with this Partnership Agreement, the first Banking Day following the Valuation Date of such other month. The

Docusign Envelope ID: 405507D4-71C9-441B-BCF9-16085A8A7721

The number of Units corresponding to the Management Fee shall be calculated on the basis of the Net Asset Value per Unit as of the relevant Valuation Date, deducted from the Units held by the Unit-holders and immediately issued or transferred to the Management Company.

Such Units shall be immediately redeemed by the Fund, resulting in a corresponding reduction of the Net Asset Value of the Fund.

The Management Company reserves the right to adjust the Management Fee rate unilaterally at its discretion, subject to prior notice to the Unit-holders.

9. MEETINGS OF THE FUND

9.1. Calling of General Meetings

9.1.1. The general meeting, as well as the meetings conducted at the initiative of the Management Company or the Unit-holders shall be collectively referred to as Meetings of the Fund.

In the event that the Management Company fails to convene a Meeting of the Partnership as required by this section 9.1, then the Unit-holders shall be entitled to convene a meeting themselves. Non-receipt of a notice of a meeting by any Limited Partner shall not invalidate the proceedings at the Meeting provided that the Management Company or the convening Unit-holders, as may be the case, can show that it/they had implemented procedures that were compliant with a reasonable duty of care (without incurring undue cost and expense) to provide such notice to the Limited Partners.

9.1.6. Physical or remote meetings of the Fund (held by conference call facility, written correspondence or electronic means) may be held.
